## FALL/WINTER NEWSLETTER

Alright, OK! We just haven't kept up with the Newsletter. Things have been so crazy-busy this year and we're only two people, y'know. So this is our gesture towards catching up.

In the meantime, the ol' knit shop is hopping and the busy season is upon us. Come and see what we've been doing. You're always welcome at Butler's!

## An Old Story, But Still True!

We say it every time another newsletter comes out, and it's still true: *Many* new yarns have arrived in recent weeks and our inventory is MAMMOTH!

If you haven't visited our store recently, you'll be surprised at how packed the store is and how many new *kinds* of yarn we have.

The photo at upper right shows a few of the beautiful skeins behind the checkout counter. There's undyed Peruvian Alpaca (600 yds per skein!), hand dyed Uruguyan wools, silky ribbons and more.

Another exciting new arrival is Debbie Bliss Alpaca Silk. Yes, it's 80% Baby Alpaca and 20% Silk spun into one of the most luxurious yarns you'll ever find. The photo at lower left shows some of the colors available. The balls are 65M/71.1Yds long and the retail is \$8/ball.

If you wear this yarn in a scarf, poncho or sweater, you won't want to take it off!

Our Incentive Program has changed. Here's the new rules: Purchases accumulate regardless of time. Whenever the \$500 point is reached, the customer gets the current incentive reward and then starts over again. That's all there is!

This program may be withdrawn at any time without notice. The reward items may be limited in quantity and Management reserves the right to make substitutions. Incentive items may not be returned for credit.

## Butler's Modernize with Victorian Ornamentation

Since when is remodeling with "Victorian" style 'modern'?

For 'this old house' it is, because it's about 200 years old, predating the Victorian era by about 60 years!

The resident maintenance man/wood worker/computer guy/inventory clerk, Don, worked on the front entry during the summer of 2004, designing and building the 2 support columns and the handrail.

Having a 'prettified' entryway should make visitors feel just a little more welcome!
